| <b>Use Before</b>        | 24 months after manufacturing date.  |   |

## APPLICATION INFORMATION

Please refer to the resin Technical Data Sheet for specific guidance. Do not use wet material. Protect from moisture before use. When using natural marble-based stones, mix the material from several sacks in order to keep colour uniformity. Natural sources show slight colour variations.

## SAFETY

Always consult information provided in the Safety Data Sheet of this product.

## OTHER INFORMATION

The information contained in this DATA SHEET, as well as our advice, both written as verbal or provided through testing, are based on our experience, and they do not constitute any product guarantee for the installer, who must consider them as simple information.

We recommend to study deeply all information provided before proceeding to the use or application of any of our products, and strongly advise to conduct tests "on-site" in order to determine their convenience for a specific project.

Our recommendations do not exempt of the obligation of installers to deeply study the right application method for these systems before use, as well as to conduct as many preliminary tests as possible should any doubt arise. The application, use and processing of our products are beyond our control, and therefore under the exclusive responsibility of the installer. In consequence, the installer will be the only responsible of any damage derived from the partial or total in-observation of our indications, and in general, of the inappropriate use or application of these materials.

**This Data Sheet supersedes previous versions.**
